

## **Curling Club of Kingsville** **Announcement to Members**

The Board of Directors is pleased to announce:

- The CCK will be open for curling for the '17-'18 season
- Our '17-'18 budget will be finalized within the immediate future; and members will be advised of its content. We expect to be fiscally solvent for next season.
- Open House **and registration** for **members and new curlers** is September 20 from 6:30-9 pm at the CCK. League conveners will be available at 6 p.m. to accommodate shift workers. Complimentary light snacks will be served. The bar will be open.
- Membership forms and sign-up sheets for league play will be available. Feel free to bring new curlers to our Open House and invite them to participate in the activities of the CCK.

Membership forms are available on website for your assistance. Please complete and send in your form, together with a cheque for \$100.00 dated August 1, 2017, so that preliminary estimates of membership numbers can be made. Barbara Nielsen is now Membership Chair; and has collected 63 forms and would like as many applications as possible on or before September 20 so that she can coordinate league entries with conveners.

To promote fiscal solvency, we expect dues to be paid on or before September 30; after which a penalty of \$25.00 will be imposed.

Georgia needs more volunteers for Bingo. Please assist her if you possibly can. The monies obtained from this charitable endeavour are crucial to the financial liquidity of the CCK.

We are excited about the prospects of another successful curling season; in a facility that, although it is now showing its age, has an atmosphere conducive to the good fellowship that has always been an essential component of the CCK experience.

Paul Nielsen, President
