Subject: Congratulations!

Please extend our best wishes to the membership of The Curling Club of Kingsville, on their 50th Anniversary.

We are unable to get down for the open house, but wanted to send our best wishes and thanks. I learned to curl in Kingsville during the 1970's when my father, Miles Thurston was the icemaker there. My wife, Wendy Coulson learned to curl there after we met in the mid 1980's. Our daughter Jasmin Thurston, "rode" her first rock there in the early 1990's. All of us still curl today and our continued love of the game of curling has its roots in Kingsville for sure.

Happy 50th!

Rick Thurston
