Scoring System Method: 10 points for a win, 5 for a tie, plus 1 point for each end won (or acceded by an opponent - 6th end only) (or 1/2 each team for blank ends and ends not played because time ran out), plus 1/4 point for each point taken in the game (max 2).

If a game is **defaulted**: non-defaulting team win = average winning value for that day, defaulting team loss = 0. If at the end of the season a game is not played because of scheduling (no defaulting team) each team gets overall average score for the day that game was originally scheduled.
